

The White Peak Walk is full!

Unfortunately, all places for this year are now filled. We try to impress on everyone to get their entries in early as this walk is becoming more popular by the year.

As you may be aware, we strictly limit the number of entries to a level that is a comfortable number to look after during the walk and as importantly, for the hospitality afterwards. We do however allow more than 300 to apply because we know from experience that we will receive cancellations between now and the day of the event.

Sadly, we have reached the “overflow” target and we can therefore accept no further applications. We do not have a cancellation list.

If you would like to be added to our database, then this will ensure that you receive an email advising that entries are open for next year’s event

Please send an email to: wpw@portend.co.uk asking to be added to the mailing list
